ASDA

Promoting clinic sustainability

USE ECO-FRIENDLY OR 'GREEN' PRODUCTS

- **Use biodegradable impression trays and natural sponges**
- **Choose products with recycled packaging**
- **Utilize local products and services**
- **Sanitize with natural cleaners instead of harsh chemicals**

GO PAPERLESS

- **Use a digital administrative software for charts, patient intake, etc.**
- **Choose a digital image management software for radiography, impressions, 3-D cone beam, etc.**
- **These steps will improve patient satisfaction, save time, cut costs and streamline processes.**

UTILIZE ZERO WASTE OR PACKAGE-FREE PRODUCTS

- **Try refillable glass floss containers**
- **For toothpaste, use zero waste "chewpaste," aluminum or glass packaging**
- **Use plastic-free toothbrushes and tongue scrapers**

MAXIMIZE NATURAL LIGHT, VENTILATION AND ENERGY CONSERVATION

- **Use energy-efficient lighting**
- **Replace EXIT signs with LED lighting**
- **Turn off lights not in use**
- **Program computers to sleep mode after inactivity**
- **Unplug equipment not used regularly**
